IV. PROFESSIONAL RESPONSIBILITIES

a. Grant and External Reviewer positions

Summer-Fall 2022. Tenure Review (External Reviewer). Washington University School of Social Work.

Spring 2024 Native Communities – Alcohol Intervention Review Native AIR. Reviewed materials for NIAAA in the National Institutes of Health. NativeAIR is website that features nearly 40 evidence-based interventions on alcohol misuse prevention, fetal alcohol spectrum disorders prevention, and alcohol use disorder treatment extracted from published, peer-reviewed studies involving American Indian/Alaska Native participants. The purpose of NativeAIR is to assist Native leaders, educators, and health professionals in identifying effective, scientifically evaluated alcohol interventions for their communities.

Spring 2024:

Fall 2023: PA-21-051: Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship Review Panel (Parent F31). The purpose of the Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship (Parent F31) award is to enable promising predoctoral students to obtain individualized, mentored research training from outstanding faculty sponsors while conducting dissertation research in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers.

Fall 2021-Spring 2023: Helped developed and provided oversight on funding decisions for the grant opportunity through the Robert Wood Johnson Foundations (RWJF): “Improving Public Health Data Systems to Address Health Equity Challenges for At-Risk Communities in the U.S. Gulf Coast”. Provided oversight for funding recommendations as part of the National Academy of Sciences, Engineering, and Medicines Gulf Research Program Board Committee. This funding focused on applications from Historically Black Colleges and Universities (HBCUs) to partner with at-risk communities in the U.S. Gulf of Mexico region to investigate how social determinants of health data could improve the capability of public health data systems to better understand and address health disparities.

Fall 2022 review of a grant submitted to the Pilot & Feasibility Program of the Center for American Indian and Alaska Native Diabetes Translation Research (CAIANDTR). Reviewed a proposal on diabetes health disparities in Native populations, which uses of life course and community-based participatory research perspectives to examine physical activity in American Indian adults. Reviewed proposal according to customary NIH review criteria input on other features of the proposed research study (e.g., timeline, budget, protection of human subjects).

Fall 2022 expert evaluation for the following 2022 Canada First Research Excellence Fund (CFREF) application funded on behalf of the Government of Canada’s three granting agencies, the Canadian Institutes of Health Research (CIHR), the Natural Sciences and Engineering Research Council (NSERC), and the Social Sciences and Humanities Research Council (SSHRC), CFREF is a unique and prestigious institutional funding program. Competitions take place every seven years to allocate \$1.4 billion in large grants (Reviewed grant of over \$120 million) to a limited number of postsecondary institutions. Through a highly competitive review

process, selected Canadian postsecondary institutions are supported to turn their key strengths into world-leading capabilities.

Summer 2021: RFA-AA-20-010 entitled “Collaborative Partnership between Research Centers in Minority Institutions (RCMI) and Alcohol Research Centers (ARC) (U54 Clinical Trial Optional)”, ZAA1 JJ (54) - National Institute on Alcohol Abuse and Alcoholism Special Emphasis Panel. Evaluated synergistic collaboration of 2 U54 grant applications: one from the RCMI and one from the collaborative ARC to enhance diversity in the biomedical workforce, with emphasis on alcohol-related research and activities.

Spring 2021: RFA-AA-20-010 entitled “Collaborative Partnership between Research Centers in Minority Institutions (RCMI) and Alcohol Research Centers (ARC) (U54 Clinical Trial Optional)”, ZAA1 JJ (54) - National Institute on Alcohol Abuse and Alcoholism Special Emphasis Panel. Evaluated synergistic collaboration of 2 U54 grant applications: one from the RCMI and one from the collaborative ARC to enhance diversity in the biomedical workforce, with emphasis on alcohol-related research and activities.

Spring 2017: Substance Abuse and Mental Health Services Administration (SAMHSA), Grant Reviewer, Indigenous-Project LAUNCH (SM-17-004), which is focused on projects promoting wellness of young children from birth to eight years within tribes, territories, and Pacific Island jurisdictions by addressing social, emotional, physical, cognitive, and behavioral aspects of their development
