	EIGHTH	Integrative Capstone Seminar	3
		Field Practicum and Seminar VI	2

PART-TIME PROGRAM

The part-time MSW program, which is only available online, requires 8 semesters over 32 consecutive months for a total of 60 credit hours. Each student completes 6 semesters of 158 field work hours each semester.

FIELD EDUCATION

Our field education program exposes you to real-world social work practice as well as diverse populations and social issues. We place on-campus students with one of 75 agencies in New Orleans and surrounding parishes. Online students perform their field education in their own communities, and we can facilitate placements around the country.

ONLINE EXPERIENCE

Our online MSW program offers both full-time and part-time options. It employs innovative technology to ensure all students receive the full benefits of a Tulane education. If you elect the online program, you will participate in live sessions via synchronous classes. Our technology platform provides crisp and clear images and words, and students can always see each other and the instructor. You can expect personalized attention as you pursue your coursework. That includes tech support and virtual office hours with faculty.

ADVANCED STANDING

Applicants who have earned a Bachelor's of Social Work (BSW) degree within the past five years from a program accredited by the Council on Social Work Education (CSWE) may be granted Advanced Standing, enabling them to receive their MSW degree in three semesters of full-time study. This is available for both the on-campus and online options.
